

ASAP Club Descriptions – (On-Campus)

Snazzy Snacks: Kids create kid-friendly recipes and enjoy eating what they create! *Open to all Kindergarten to 5th grade students (Min 8)*

Jr. Crusaders Cross Country: This running club is designed to help our students become stronger, faster, and smarter runners. The price will include one 5K race entry. *Open to all 2nd to 5th grade students (Maximum 30)*

Crusader Chess Club: Chess Emporium teaches a fun and exciting introduction to the game of chess. All grades are welcome in the chess club, which begins by teaching students how to play the game, chess openings, tactics, and endgames, while allowing students to practice with their friends. This class provides chess strategies and tournament play in this club experience. Students who sign-up for this class will find where they rank by earning a Chess rating number based on tournament play. *Open to all Kindergarten to 8th grade students (Minimum 8)*

Let's Play It – Amazing Athletes: Get into the game with our afterschool sports program! We make physical fitness fun through exciting warm-up games, calisthenics, popular team sports and cooperative activities. Learn about the value of exercise, team work and good sportsmanship. *Open to all Kindergarten to 5th grade students (Minimum 8)*

Young Rembrandts: Young Rembrandts will inspire your child's love of art! Each week's new lesson will teach students how to transform simple shapes into clever characters, develop color & pattern theory and create fanciful drawings that will stir adventure and creativity. There are over 6 years of different weekly lessons so students will NOT do the same project twice! *Open to all Kinder to 5th grade students (Minimum 5)*

Robotics: Robotics is a club encouraging students to problem solve, build, and program. We break into teams, create, build, and try the abilities of our teams in what we call, "The Battle of the Bots," to see who is the supreme technological champion. Robotics helps build team work and critical thinking skills. *Open to all 4th & 5th grade students (Minimum 8)*

Bricks 4 Kids / Lego Building: In this fun, educational club, students will experience hands-on engineering fundamentals as they build motorized models using Lego® Bricks. Curriculum introduces children to engineering, architecture, and scientific principles. Imagination and creativity soar during free-play building sessions at the end of each class. *Open to all Kindergarten to 3rd grade students (Minimum 5)*

Let's Code It – Amazing Ozobots: This pint-sized but powerful robot is a great entryway into the wonderful world of coding! The Ozobot can roll, spin, zig-zag, dance and flash a rainbow of colors, all at your command. Play fun coding games and challenge other robots to a race as you gain skills in logic, storytelling, sequencing, and problem-solving. *Open to all 2nd to 5th grade students (Min 8)*

Stage Stars (Drama Club): It's time to raise the curtain on our Stage Stars club! This drama program introduces students to the craft of stage acting. During the one hour class, students will learn theatrical skills, improve basics and participate in interactive drama games. ***Open to all Kindergarten to 5th grade students (Minimum 8)***

Amigos Spanish Club: Learning Spanish is as easy as uno, dos, tres! In Amigos, children will dive deep into the traditions and get a taste of Spanish speaking nations across the globe, as well as learn basic vocabulary words such as numbers, colors, shapes, greetings, days of the week and more. ***Open to all Kindergarten to 5th grade students (Minimum 8)***

MusicStart: Learn to read music and play tunes! This amazing program teaches young students the beginnings of music. Using specialized, proprietary MusicStart keyboards, students learn to play familiar tunes in a group setting by color, letter, and note matching while using problem-solving strategies – without sacrificing any important musical knowledge – we are not taking shortcuts to playing and reading music. ***Open to all Kindergarten to 4th grade students (Minimum 8)***

Let's Build It – Chain Reactions in Action: This STEAM program takes a hands-on approach, allowing students to directly engage with basic engineering concepts through a variety of fun and educational activities. Students will improve their problem solving, math, and physics skills – all while engaging in exciting building projects. ***Open to all Kindergarten to 5th grade students (Minimum 8)***

Guitar 101: During our time together we will learn parts of the guitar, some guitar care, simple sight reading, most used chords for the guitar, strumming patterns, how to play with a worship band and more! Students will need an acoustic guitar, guitar picks, tuner, a 1/2" ring binder with pockets, highlighter, pencils, and eraser. ***Open to all 2nd to 5th grade students (Min 5, Max 8)***

Chapel Cherubs: This club is a small group opportunity for those kids who love to praise the Lord through movement and music! Mrs. Barrett will enthusiastically and energetically lead this group of children to use the Holy Spirit's power and presence in singing praises to the Lord! Get ready - this is gonna be a BLAST! ***Open to all Kindergarten through 5th grade students.***

NORTHWEST CHRISTIAN SCHOOL
Since 1980

Online ASAP Club Descriptions

Online Christian Warriors: Strengthening the body, mind and spirit to be warriors for Christ through basic martial arts movements and games. ***Online training for all ranks by John & Marsha Fagan of Youn Wha United. Open to all preschool to 8th grade students (No Min)***

Online Young Rembrandts: Young Rembrandts teaches drawing, the fundamental skill of all visual arts. Our unique, proven method and step-by-step curriculum foster a wealth of skills such as fine motor skills, handwriting readiness, and attention to detail. ***Open to all Kindergarten to 5th grade students (Min 8) – Young Rembrandts drawing classes (8 weeks) available via LIVE ZOOM VIDEO ON DEMAND classes (8 weeks) taught by YR founder & CEO, Bette Fetter***

Online Guitar 101: During our time together we will learn parts of the guitar, some guitar care, simple sight reading, most used chords for the guitar, strumming patterns, how to play with a worship band and more! Students will need an acoustic guitar, guitar picks, tuner, a 1/2" ring binder with pockets, highlighter, pencils, and eraser. ***Open to all 2nd to 5th grade students (Min 5, Max 8)***

Virtual Amigos Spanish Club: Learning Spanish is as easy as uno, dos, tres! In the online Amigos Spanish club, children will learn the vocabulary basics of self, family life, numbers, colors, shapes, greetings, days of the week and more during each 60 minute session with an experienced live instructor. We will be singing, playing games, and counting our way towards learning the Spanish Language ***Open to all Kindergarten to 5th grade students (Minimum 8)***

Virtual Chess Scholars: Develop your child's intellect through the royal game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Chess has been proven to enhance children's motivation, concentration, focus, social skills, and creativity. Each 60 minute online class will consist of a fun, interactive teaching period with a live instructor. Chess tournaments throughout the week where students can play remotely against other Chess Scholars students are an exciting part of this program. Both beginner and experienced players are welcome and will learn under the guidance of an experienced Chess Scholars coach. ***Two levels offered: Beginner & Advanced – Open to all Kindergarten to 8th grade students (Minimum 8 for each level)***

Virtual MusicStart: Learn to read music and play tunes! Brought to you by AES and The Music Path Company, this amazing 45 minute online program teaches young students the beginnings of music! Using virtual proprietary MusicStart keyboards, students learn to play familiar tunes in a group setting by color, letter, and note matching while using problem-solving strategies under the guidance of a live instructor. Prepare your student to take any instrument by giving them a solid musical foundation with this exciting program! ***Open to all Kindergarten to 4th grade students (Minimum 8)***

Virtual iCook: iCook is a fun, hands-on online cooking program for children. Our mission is simple: to help teach children to love everything about food - cooking, eating delectable and healthy dishes, and learning about the different cultures and stories behind the food. We provide a simple grocery list before each lesson, and then our live instructors will help your chefs-in-training learn how to make delicious and nutritious recipes using fresh and colorful ingredients! We will travel across the globe to learn about the cuisine and traditions of different countries and master how to cook safely while slicing, dicing, chopping, baking, zesting, mixing, and more! ***Open to all Kindergarten to 5th grade students (Minimum 8)***

Virtual Smart Start Art: Explore your artistic side with Smart Start Art Online from Afterschool Enrichment Solutions. Discover your creativity and imagination as an artist, developing fine motor skills, style, and vision as we explore different artistic techniques through a variety of inspiring projects. Using everyday materials you have around the house, students will sketch and draw, shade and color, cut, glue, fold... create! See your imagination come to life! Learn about great artists from throughout history and the present day, through a weekly featured artist and fun, exciting games with a live instructor during each 45 minute session. This class also includes video lessons to guide students through the creation of additional projects outside of class time! ***Open to all Kindergarten to 5th grade students (Minimum 8)***

Virtual Stage Stars: Does your child have a “dramatic side”? You might have a budding Stage Star in your family! Our online drama class introduces students to the craft of stage acting. During each 45 minute session, students will learn theatrical skills, improv basics and participate in interactive drama games led by a live instructor. This is an opportunity for students to have fun, express themselves, and interact with others within the context of theatre arts! Students are also provided with monologues and scenes to rehearse outside of class time, and then perform for their peers. ***Open to all Kindergarten to 5th grade students (Min 8)***

Virtual STEM: This online class takes a hands-on approach to science, engineering and computer programming, allowing students to explore a variety of fun and educational activities using common household materials. Under the guidance of a live instructor during each 45 minute session, students will improve their problem solving, math, and physics skills – all while engaging in exciting science and coding projects! This class also includes video lessons to guide students through the creation of additional projects outside of class time! ***Open to all Kindergarten to 5th grade students (Minimum 8)***
